Que vives semblen
entre l'herba i els núvols
les ombres fràgils!
El vent les enbarria,
la boira les apaga.

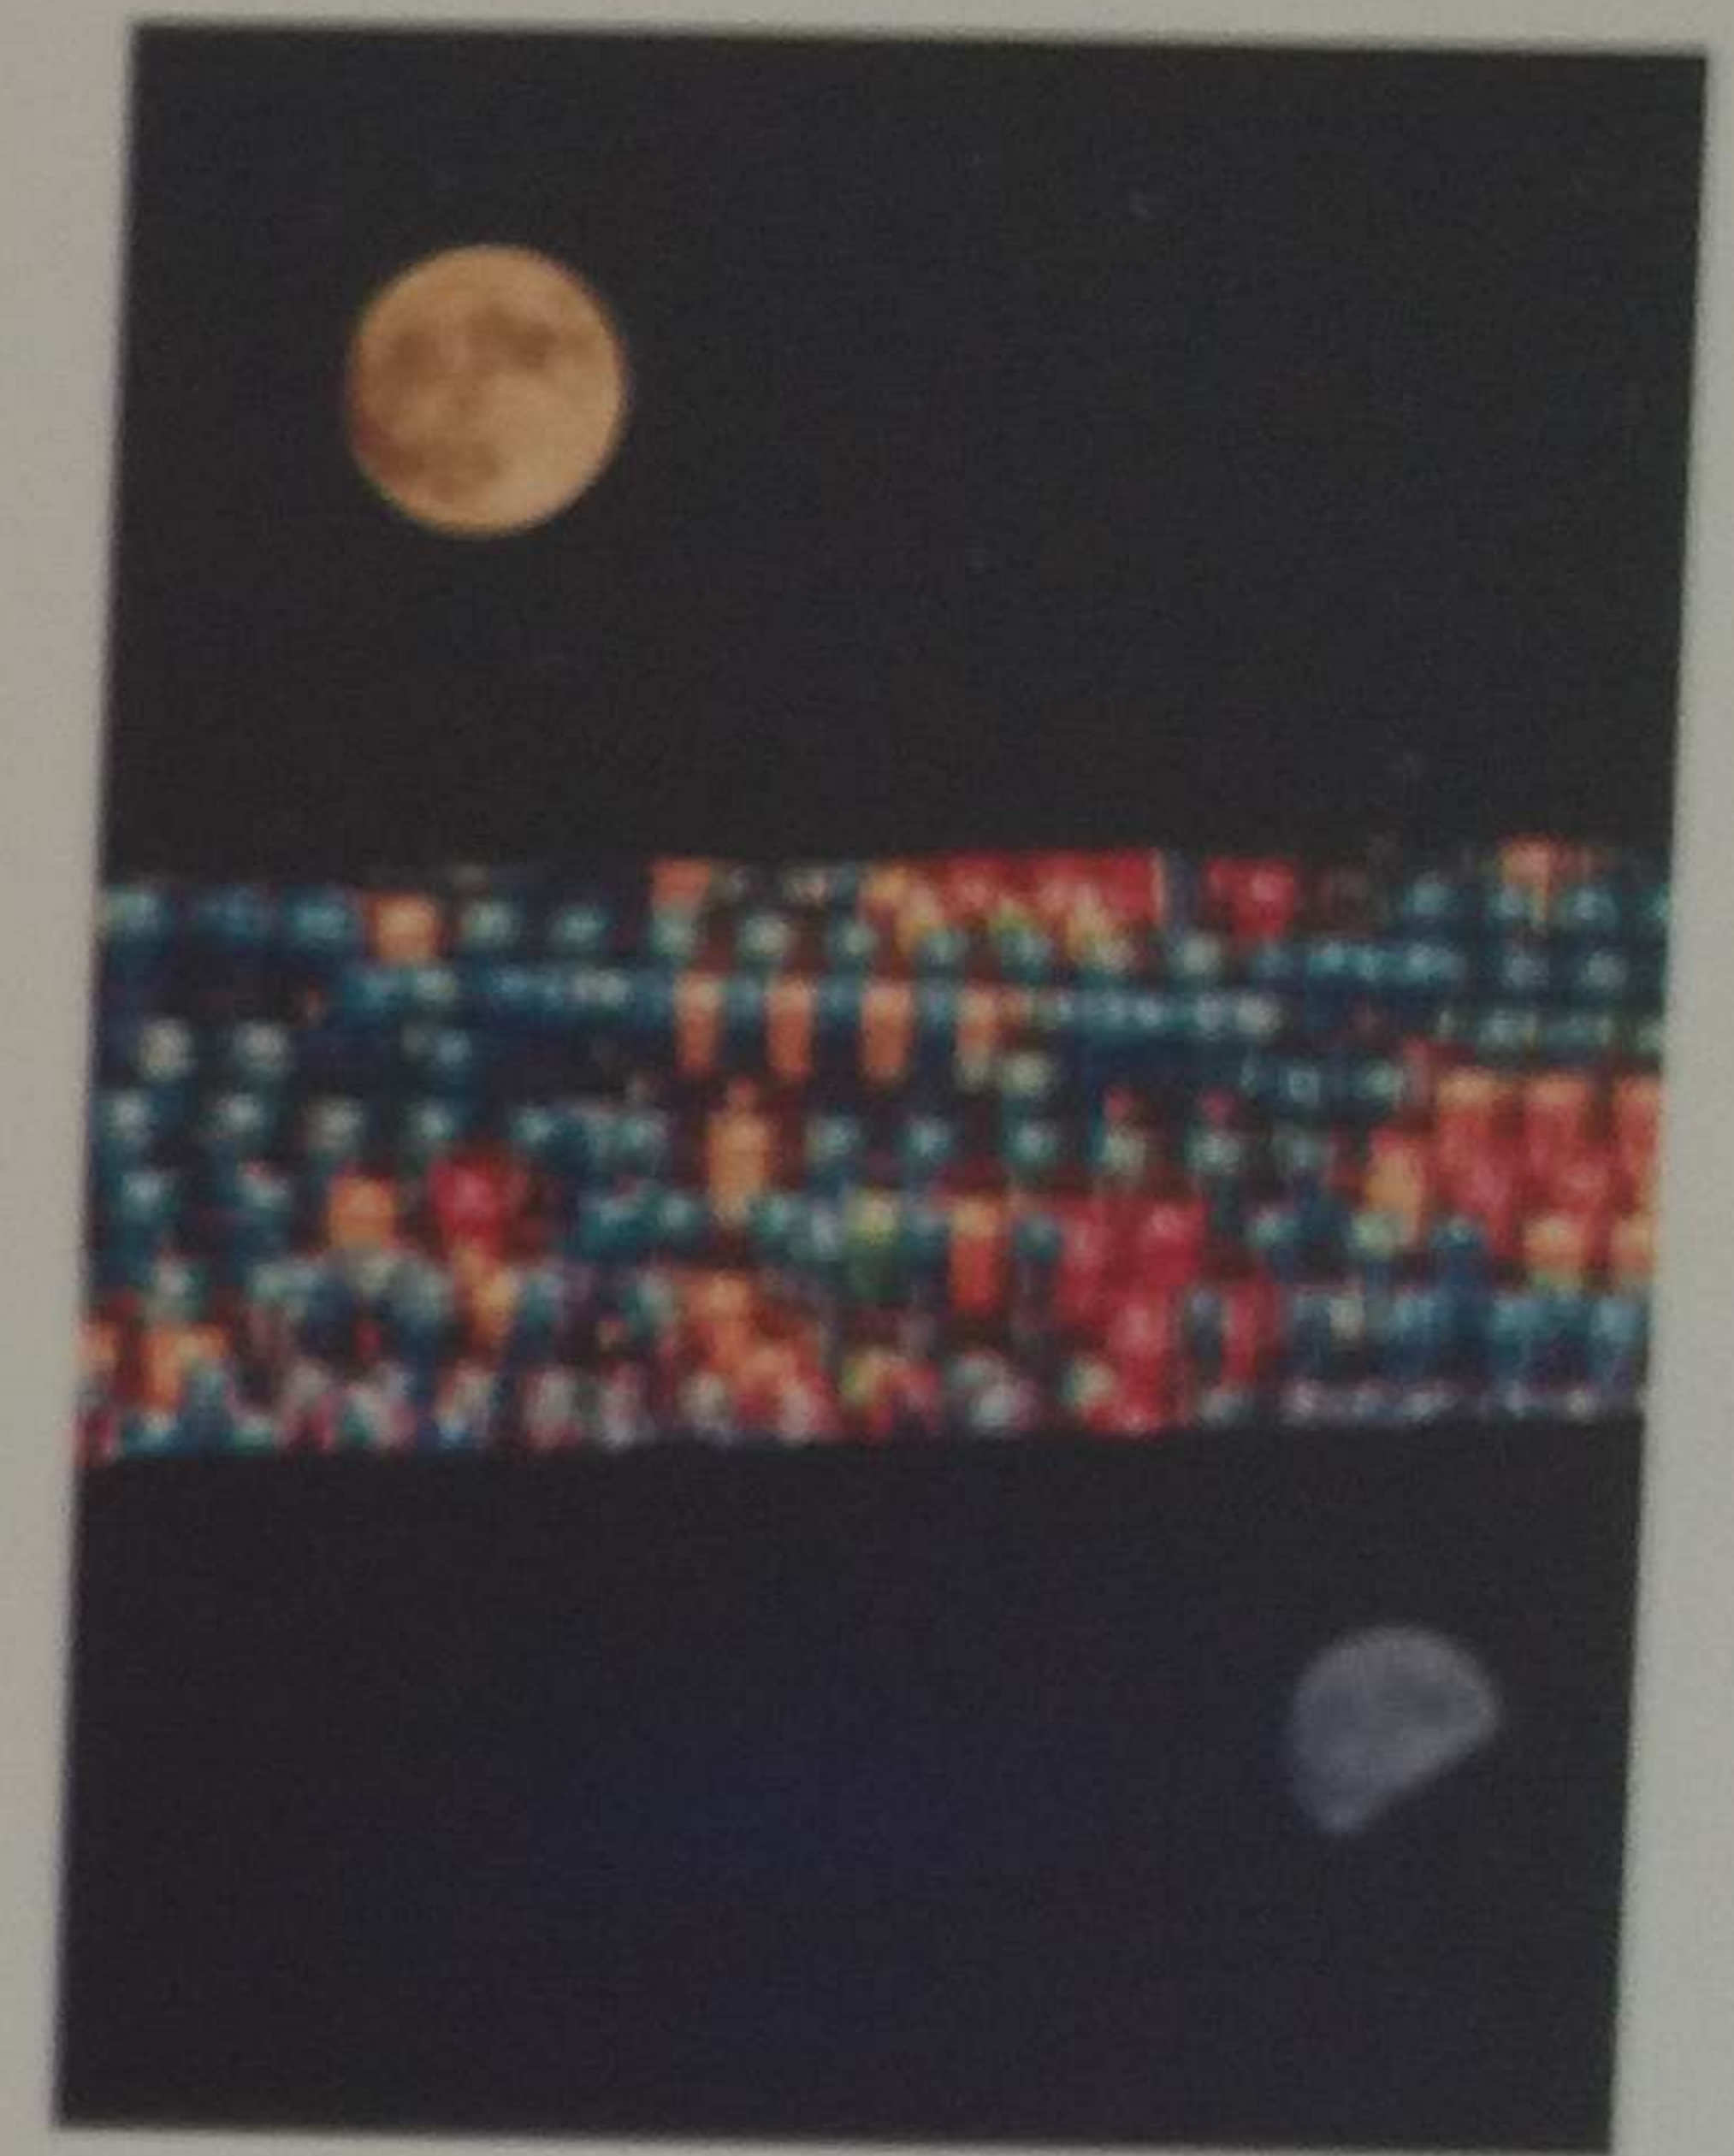

JORDI FERRER

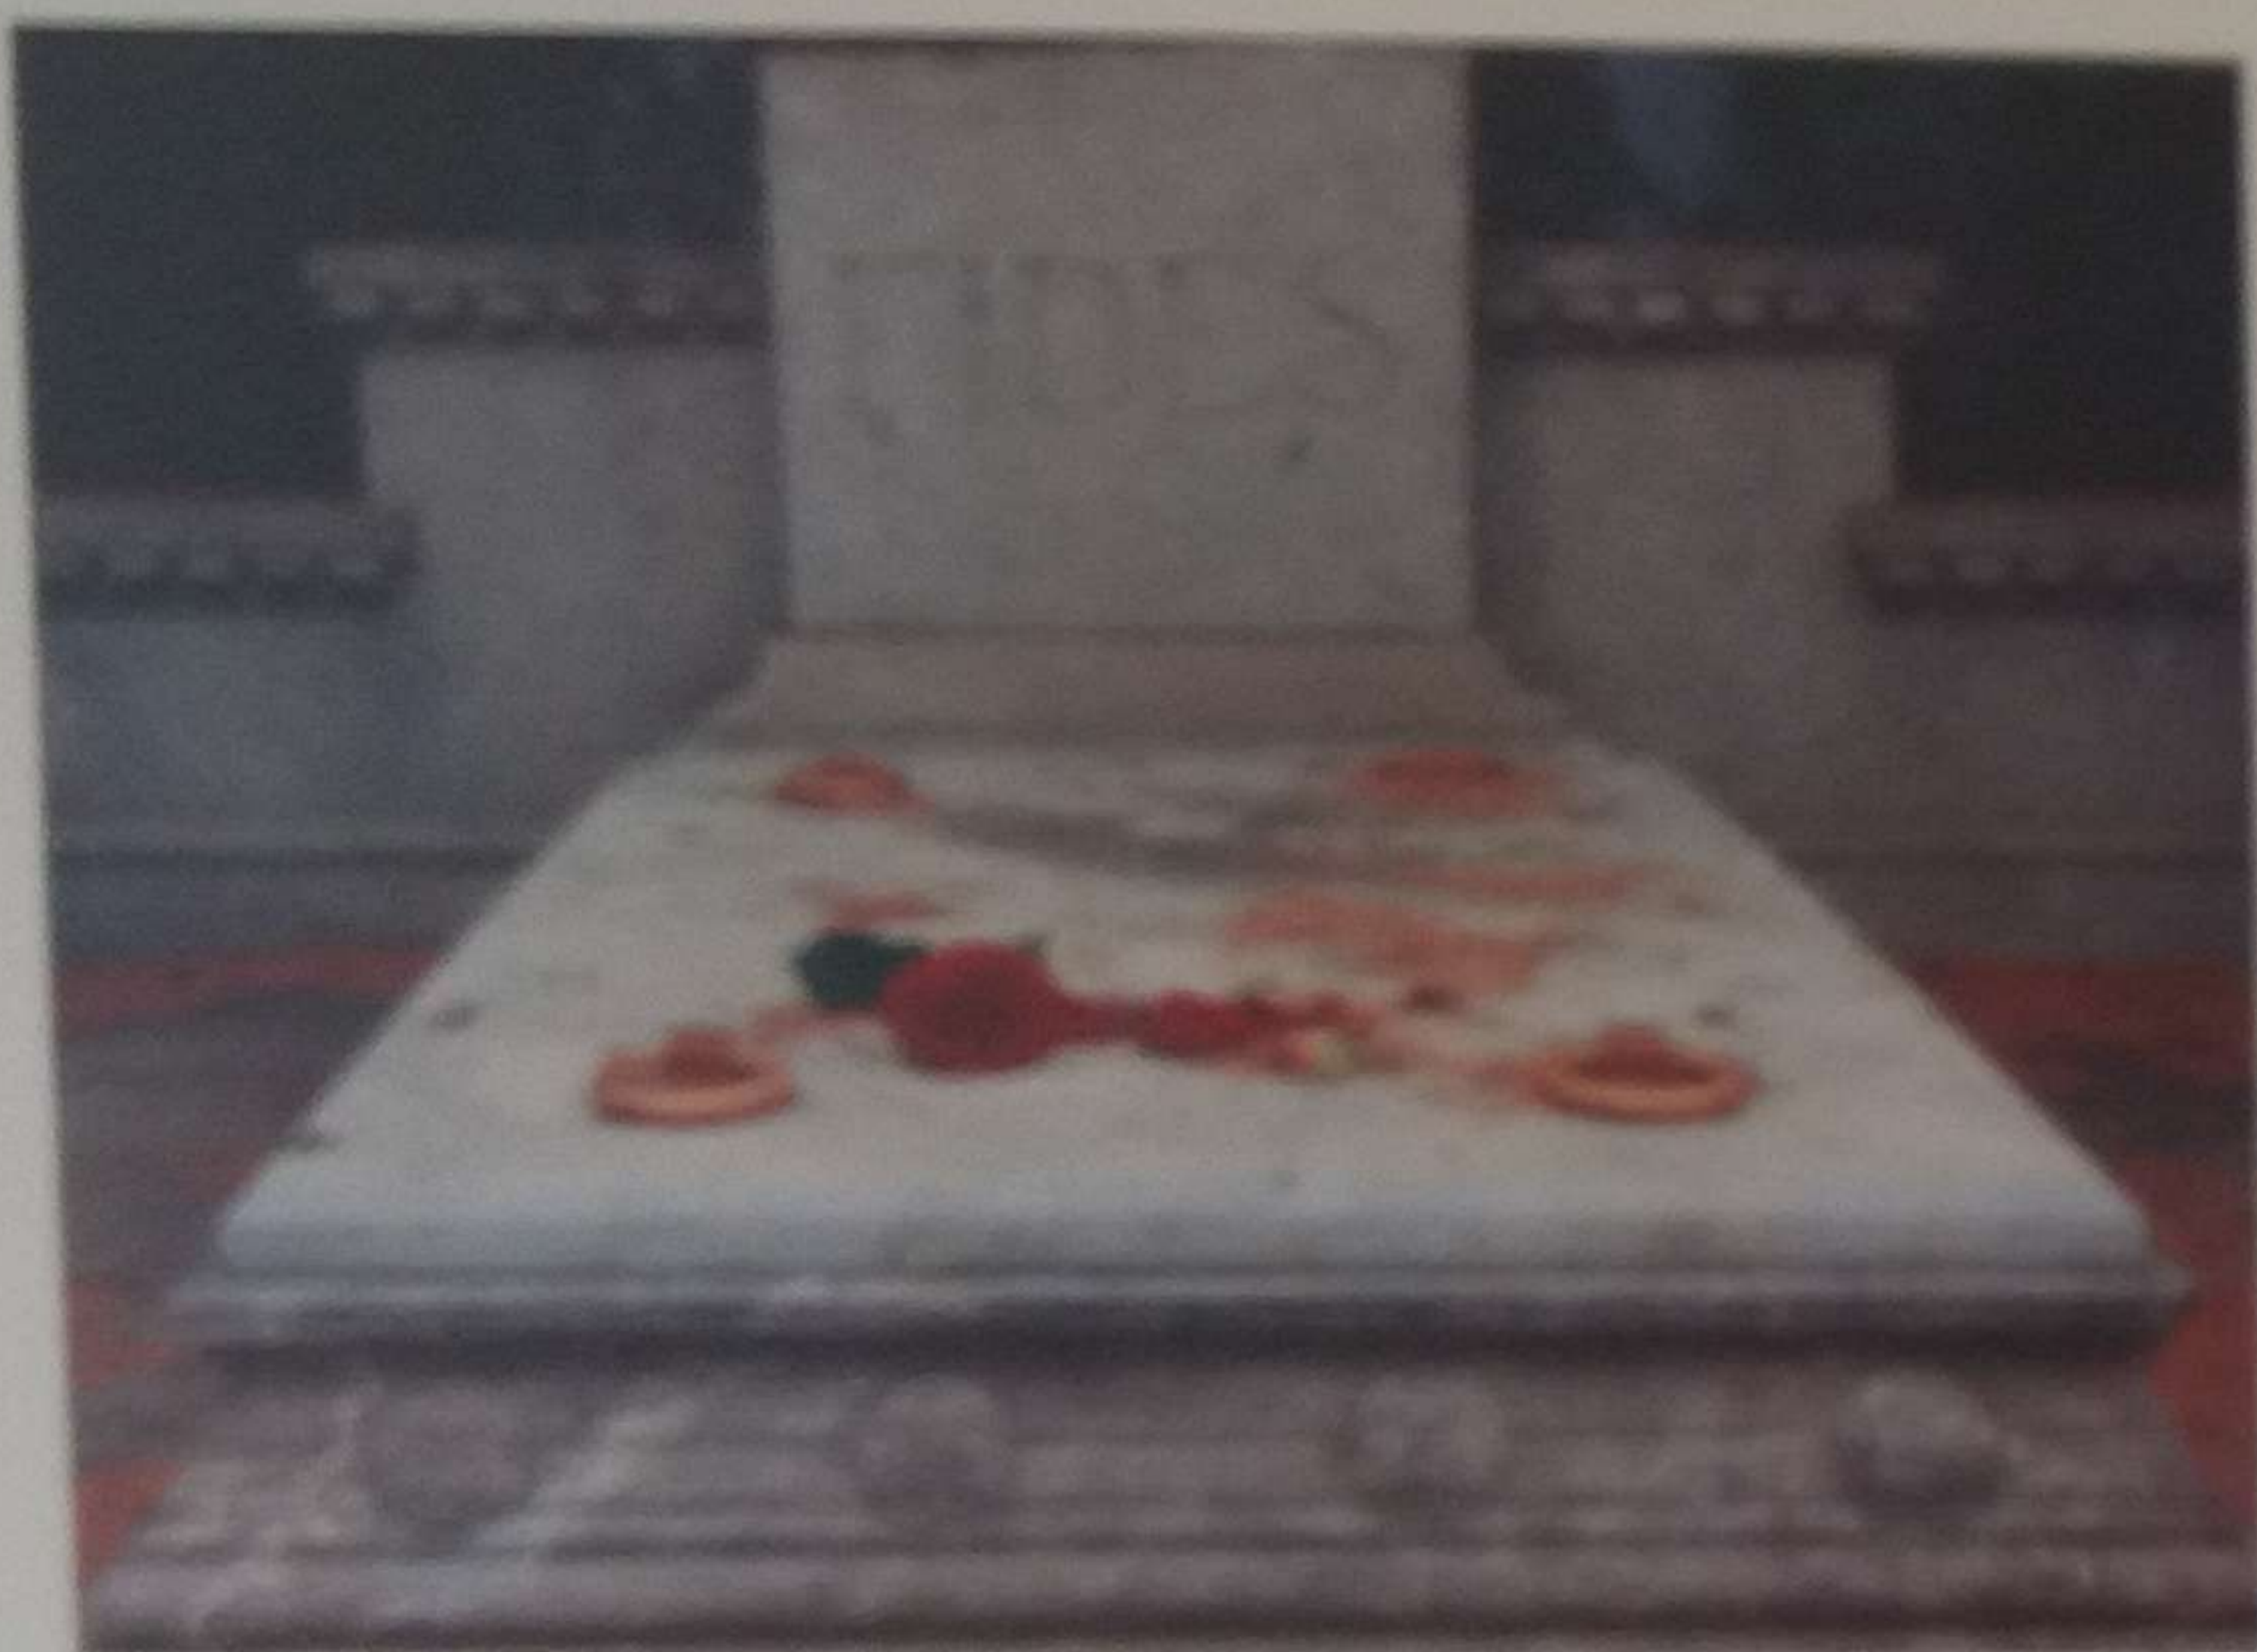

A la finestra
de la meua estança

The image shows a close-up of a textured surface, likely a rock or mineral deposit, characterized by a dense, irregular pattern of brown, tan, and white patches. The texture appears rough and granular, with varying shades of earthy tones.

The image displays a dark rectangular object, possibly a book cover or a piece of fabric, featuring a prominent horizontal band of colorful, repeating patterns (red, blue, yellow, and green) across the center. The top and bottom sections are solid dark colors.
